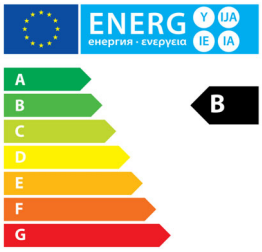
Highlights

Energy efficiency class B



This vacuum cleaner is engineered to achieve full performance with an energy efficiency class B.

Extra long ergonomic grip

This ergonomically shaped grip is convenient in use. Its extra long design gives you farther reach, so you can easily clean hard to reach places.

3L dust capacity

The 3L dust compartment maximizes the potential of the s-bag Classic dust bag, thus ensuring long lasting performance.

Aluminum telescopic tube

The lightweight, aluminum vacuum cleaner tube is comfortable to use and carry. The 2-piece telescopic tube can be easily adjusted to your preferred height.

TriActive nozzle

The TriActive nozzle cleans your floor in 3 ways in one go: 1) A larger opening at the tip of the nozzle easily sucks up big bits. 2) It has maximum cleaning efficiency due to optimized airflow through the nozzle. 3) The two side brushes sweep up the dust and dirt closely alongside furniture and walls.
